TO : Director of Training EYES ONLY

DATE: 29 March 1965

FROM : Chief, School of International Communism

SUBJECT: Weekly Activities Report No. 6  
16 - 29 March 1965

## I. SIGNIFICANT ITEMS

None to report.

## II. OTHER ACTIVITIES

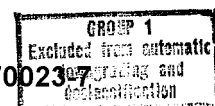

1. I was most pleased to read the comments [ ] 25X1A  
in Artie's letter. Henry has kept me well informed about the  
progress of his program and he has felt that it was going well --  
particularly in the sense of contributing to the station's basic  
purpose of establishing rapport with new officers [ ] 25X1C  
[ ] He has been asked to extend his stay for a few days  
in order to assist in assessing the members of his class. In  
[ ] absence [ ] ran Introduction to Communism.

2. Another cable has gone [ ] re the proposed SIC 25X1A  
program in [ ] Again -- the station is anxious to develop  
better liaison [ ] and has agreed that a  
program of this kind could start the ball rolling. The desk  
is pushing to get it in during FY 1965 in order to use funds  
already allocated for the purpose. I'm also hopeful they can 25X1A  
make it so that [ ] -- with his interest [ ] -- will  
be able to participate.

3. Only five students were registered for today's CPO&O,  
but [ ] and I felt that it should go on regardless of this  
small number. We have found -- as would be expected -- that  
the give and take in a small seminar such as this is much more  
productive for the class. Beyond this -- it's a good change  
of pace for the staff to get away from the necessarily more  
formal atmosphere of 35-40 man classes.

4. We are hopeful that [ ] ACO efforts will be rewarded with a few more students than is normally the case in that course -- an average of about ten. He has not only worked out a new and a potentially interesting program, but has made a real effort to sell it to a great many people in the DDP, having contacted all the training officers as well as many branch and desk representatives.

The most recent development is the addition of Kirkpatrick and [ ] to the first day's program. This came as a surprise to both [ ] and me. [ ] if he, [ ] might arrange the program -- not an unusual request since he normally appears on the first day. However, he went somewhat further than expected in inviting Kirk and TK. Being aware of your concern about using these people too much I hope this does not meet with your disapproval.

5. We managed to cut back somewhat in our participation in John Keppel's just-concluded Communist course at FSI. [ ] absence and the fact that I was scheduled in Stutesman's course at the same time as in Keppel's forced Keppel to look elsewhere. Hopefully, he has now turned up some alternates and we will be able to maintain this cut-back. Ironically, I believe he had to go out into the academic community -- and, of course, to pay the new speakers -- in the absence of support from his own Department.

25X1A

In Stutesman's course they had been suggesting for some months that the Agency, with JWM as recruiter, should provide a speaker to discuss Communist techniques of subverting and weakening developing countries. I finally suggested that they use Thomas P. Thornton, co-author with Cyril Black of Communism and Revolution, an asset right in their own backyard in I&R. Apparently Thornton accepted with considerable reluctance -- claiming that his views were "controversial" -- and I have not heard how his turn with the troops worked out. I felt, however, that the monkey should not be put on our backs quite so frequently.

6. The one external area in which <sup>sic</sup> we are still experiencing some frustration is the [ ]. <sup>sic</sup> We are aware that the Agency is desirous of assisting, and <sup>sic</sup> we also are aware of the difficulties of the problems involved, but the inadequacy, and at times the downright stupidity, of the [ ] staff at the [ ] continues to be discouraging.
